

Give&Go

No faster way to help

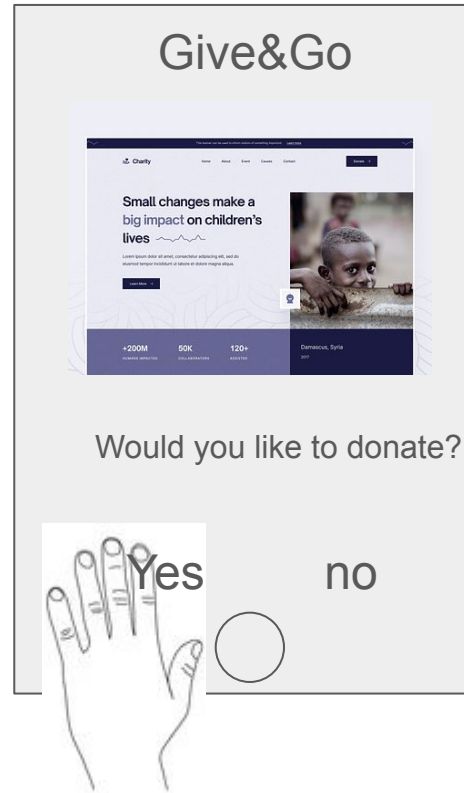

Walter Malone

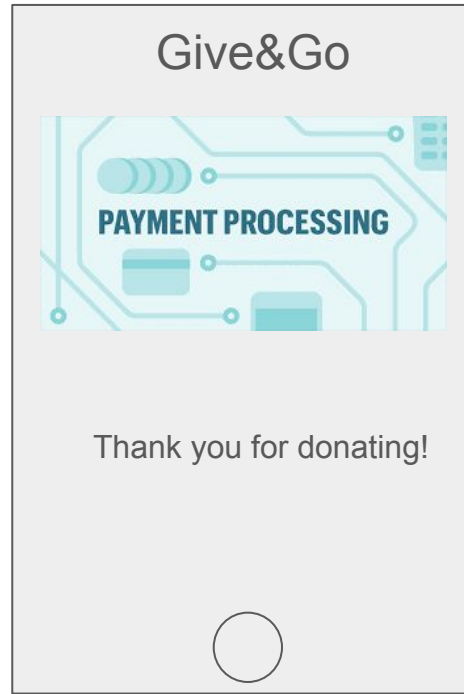

Walter Malone watches the TV and happens to see a charity
he is interested in

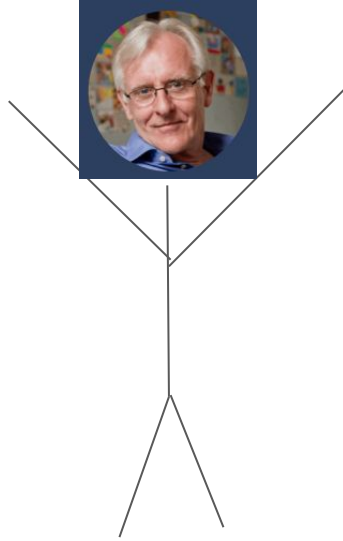

After searching on his phone, he downloads the Give&Go app
on the appstore

He finds the charity he saw on TV and looks through their page, deciding if he wants to donate or not.

He decides that he is going to donate!

Now he's happy that he donated to a charity!

“ Look at this new app I found on my phone it’s called “Give&Go”. It helps me find good and secure charities right from my phone.

Oh wow ! can you show me how to set it up Id love to fund charities that would help the needy.

“You can even add friends and see what they have donated to and discover more charitable organizations using the discover page”

“Oh wow i’m getting signed up today thanks Bestie!”
